

# Pinhoti 100 – For Your Safety

Since 2008, the Pinhoti 100 has taken place on the Talladega and Shoal Creek Ranger Districts. There have been safety concerns for individuals participating in the race, folks who follow the racers in their vehicles, and other forest visitors due to the high volume of traffic on the forest roads, county roads and state highways during this event. We do realize that you wish to support the individual that has entered this event, but it must be done in a safe manner.

Drive responsibly, pay attention to road conditions (these are gravel roads and they are dusty which makes driving conditions more dangerous), and share the road with forest visitors, hunters, loggers, etc.

This year, the following rules will be enforced by law enforcement personnel:

- Park well off of any paved or dirt road
- Don't block the normal flow of traffic
- At Morgan Lake – don't block access to the area
- No parking on County Road 24 and Highway 431

Due to continued safety issues, Forest Service and local Law Enforcement Officers will be present. If individuals block a road, drive recklessly, ignore speed limits, or block access to a recreation area, they will receive a citation. Further, if your vehicle is blocking a road, or where is not supposed to be, it will be towed.
