They must be picked up Friday evening at the Sylacauga Rec Dept in Sylacauga. **NO CREW CAR EXCHANGES AT OR NEAR AID STATIONS.** We have been working with the US Forest Service and they have required that we reduce the amount of traffic on course roadways. This is mainly due to blocking traffic of other drivers that are just trying to go to or from work or going about their daily business and don't have any idea about our race. Also, the US Forest Service can issue tickets to vehicles parked on side of roadways where all four tires are not completely off roadway. They love to have folks visiting from other areas and have never issued a ticket to anyone during our race (have only warned) but will this year if the laws are not obeyed they WILL ticket.
- **Remember** all four tires completely off roadway at any accessible Aid Station
- **Crews** may only visit designated Aid Stations listed on the Aid Station Locations/Cut-off/Crew Access & Drop Bag document
- To access the Bald Rock Aid Station in Cheaha State Park you must pay fee when entering the gate. Warning: It will be very congested in this area so be patient. Many people from all over like to visit this time of year to see the beautiful fall foliage.
